sohamchavan.site
Maharashtra, India

SUMMARY

Highly motivated Full-Stack Developer with hands-on experience building and deploying real-world web applications. Skilled in Ruby on Rails, JavaScript, and modern frontend technologies. Passionate about clean code, rapid prototyping, and delivering elegant solutions for product problems. Started coding early and quickly moved into building real world applications for startups and clients.

PROJECTS

Ai interviewer tool

2026

- **Interactive AI Assessment Framework:** Built an AI-driven technical interviewer using advanced LLMs, real-time voice integration, and low-latency 3D avatars to deliver highly engaging developer evaluations.
- **Backend Infrastructure & Database Design:** Architected the core application using Ruby on Rails and PostgreSQL to manage real-time streaming data, optimize prompt engineering workflows, and secure external API handshakes.

Blog App

2026

- **Technical Content Framework & Database Design:** Architected a developer-focused blogging application using Ruby on Rails and PostgreSQL, publishing in-depth guides on SaaS database architecture, core software engineering fundamentals, and framework optimizations.
- **Payment Integration & Documented Workflows:** Integrated Stripe payment gateway to handle subscription/monetization flows, translating complex technical implementations—like webhooks and state management—into clear, actionable documentation for the developer community.

EDUCATION

Vivekanand College Kolhapur

Higher Secondary Certificate (HSC).
Maharashtra State Board Current
Standard: 12th Science

Completed in 2026

Super Hero Design+ Code School

Fullstack Development Course
Completed in 2025

SKILLS

- Ruby On Rails
- Git
- GitHub
- DevOps
- AWS
- REST APIs
- PostgreSQL
- Docker
- CI/CD
- Jenkins
